Welcome Note from the Vice-Chancellor

Greetings from the Majuli University of Culture, Majuli, Assam!

It gives me immense pleasure to submit before you the First Annual Report of the Majuli University of Culture for the years 2020-21, 2021-22 & 2022-23.

The Majuli University of Culture is a holistic, multi and inter disciplinary higher educational hub of studies and research in culture, cultural preservation, growth and progress with quality and optimal learning environments and support, effective governance with other infrastructure facilities as defined in the National Education Policy 2020, Government of India. The University will take up the human ecology and environment of this part of India, its colourful cultures, rich folklore, language, and the intellectual heritage to understand them academically and cultivate them for the progress of our society. The uniqueness of Majuli in terms of social and geographical entity with its rich cultural heritage has been derived from the tradition inherited from Mahapurusha Srimanta Sankaradeva and his disciple Mahapurusha Madhavadeva (the duo being popularly called '*mani-kancana*') interwoven with the rich floral fabrics of the pristine cultures of the Misings, Deuris and Kacharis. The establishment of the University on the bank of the Luit river (*Lauhitya* of the early Sanskrit literature), the old channel of the Brahmaputra, flowing on the north of the island encompassing varied groups of population with their colourful cultural life, presupposes a unique site by itself.

The island society also boasts of its traditional Vaishnava institutions called *Satra* of which the grand ones with celibate inmates, such as the Auniati, Dakhinpat, Garamur, Kamalabari and others (like Bengenaati, Chamaguri, Bhogpur etc.) still govern the moral and spiritual life of Assam to a large degree. Preservatories of extensive tangible and intangible cultural resources these *Satras* along with the island's varied topographical, demographical, ethno-cultural and natural landscape areas, have made the island district a natural museum for mankind.

Welcome Note from the Vice-Chancellor

The University shall remain responsible for their discovery and rediscovery; understanding and interpretation; cultivation, collection and preservation; and above all, in situating them in the larger perspective of Indian culture and civilization. At this nascent stage, we may hope that all irrespective of their religious affinities, ethnic and linguistic diversities, social distinctions, ages or territories will accord support for the healthy growth of the University.

Our Mission:

- a) Make ready the Infrastructure Facilities (both physical and academic) of the University.
- b) The University will devote its efforts not only in promoting education, research and training in different domains of culture, such as visual arts, performing arts, literature, language, religion, sculpture, architecture, folklore, tribal studies etc. but also in producing human resources who can directly proceed to the professional field with employability and compatibility.
- c) The University will emphasize more on to generate new knowledge through its curriculum and promote creative excellence in various spheres of culture.
- d) The University will promote *Satriya* and Ethnic studies with special emphasis on Satriya- musicology and Ethno-musicology.
- e) The University, keeping in view the importance of Tourism in Majuli, will create facilities for teaching on foreign languages and Tourism especially Cultural Tourism.
- f) Cultural exchange programs with other reputed Universities of India and abroad will be a common component of the Curriculum of University.
- g) The University will make its full efforts in the development and extension works for the society of Assam as a whole and Majuli in particular.

Welcome Note from the Vice-Chancellor

With Sincere Appreciation:

Dr. Himanta Biswa Sarma, the Honourable Chief Minister of Assam, in a public meeting held at Dhunaguri, Majuli on the occasion of laying foundation stone of the permanent campus of the Majuli University of Culture on 11th December 2022, has declared that the University will be transformed into a full-fledged multi and inter disciplinary university by incorporating all other disciplines like Science, Arts and Commerce parallelly maintaining its cultural entity. He further suggested to make necessary arrangements for amendments of the Act and Statute of the University, so that the necessary provisions may be made to introduce the aforesaid disciplines. I am glad to mention here that by following all the necessary procedures, the proposals for the amendments have already been sent to the Government of Assam with a separate proposal of new Programs proposed to introduce in the Majuli University of Culture.

We offer our thanks and gratitude to all those in whose dream the seed of the University germinated and in whose care we expect it to grow.

Report of the Registrar

Although the Majuli University of Culture was established in 2017 with the enactment of the Majuli University of Culture Act, 2017 by the Government of Assam, the academic journey of the University was started in the year 2021 with introduction of two post graduate programmes, namely- Assamese and History. As the University had not its own academic buildings at that time, the classes of the academic session 2021-2022 were held in Pub Majuli College, Majuli and that was continued till January, 2023. However, with the grant by the Government of Assam, the Transit Campus of the University has been developed at Chitadarchuk, Garamur, Majuli with limited infra-structure and the academic departments have been shifted to this campus. Later on, in mid-February, the administrative offices of the University were also shifted from the Kamalabari Block Development Office to the Transit Campus accommodating all the branches of administration in a building actually constructed for the future guest house purpose. Accordingly, we have also procured our necessary furniture, equipment etc. with the grant-in aid sanctioned by the Government for the specific purposes.

The University had started the recruitment process for the various teaching and non-teaching posts in November, 2021 as per approval of the Government of Assam, which has been partially completed in January, 2023. We have started the process for filling-up the posts, which could not be filled-up through the first round of advertisement and interview.

Keeping aside the limitations, challenges and disadvantages, Majuli University of Culture has been striving to offer quality education with positive perspectives for the future. Besides, teaching and counselling by regular faculties of the University, classes by guest faculties are arranged to provide extensive exposure in the relevant academic fields.

Report of the Registrar

For holistic growth and development of the University, the following steps have been undertaken on priority basis-

1. Formation of the Internal Quality Assurance Cell (IQAC)
2. Creation of the Office of the Career Counselling and Guidance Cell
3. Creation of the Office of the Student Affairs
4. Creation of the Office of the Public Information and Law Officer
5. Creation of the Women Cell
6. Creation of the Cell for Culture, Literature and Sports
7. Constitution of the Library Management Committee
8. Appointment of the Coordinator the National Academic Depository
9. Creation of the Cell for Environment Audit and Green Campus
10. Formation of the Hostel Management Committee, etc.

The Majuli University of Culture is concerned and responsive to the global perspectives of higher education and the call of the National Education Policy, 2020. The Boards of Studies of the University have been reconstituted to review the curriculum and syllabi of the academic programmes in line of the progressive accommodation of the Four Year Under Graduate Programmes in the post graduate level programmes of the University. Besides, the regular degree programmes, the University initiates the process for introduction of certificate and short-term programmes on (a) Post Graduate Diploma in Yoga & Health Keeping (b) Post Graduate Diploma in Mask Making & Sculpture, (c) Post Graduate Diploma in Manuscript Studies (d) Six monthly Certificate Course on Mising Language, etc. in collaboration with various institutes and organizations. The University has also requested the Government of Assam to accord necessary amendments of the Acts and Statutes so that it can move towards a leading multi-disciplinary University with all avenues of knowledge and skills that are required by the 21st Century societies.

Report of the Registrar

The University fraternity believes on all-round holistic development of the learners and with that perspective, we endeavour to provide all possible exposures to our students. First Student's Brilliance Convention was organized to showcase their hidden talents on a bigger platform. With the initiatives of the IQAC, the University has organized collaborative student-exchange programmes with Cotton University, North Lakhimpur College (Auto), Panigaon OPD College, etc. The Career Counselling and Guidance Cell has organized a One-Week Crash Course on APSC and Combined Services. A good number of study materials have been received from NEXT IAS, New Delhi for the UPSC aspirants of the University.

From inception, strong community- Institute interface is one of the positive aspects of the Majuli University of Culture. The University has been facilitated with a Girl's Hostel (namely- *Me:po Okum Girl's Hostel*) on public-private partnership basis through a MoU with Sri Horen Narah, a local entrepreneur of Chitadarchuk, Garamur, Majuli, Assam. The University has been running its Boy's Hostel in a building of the *Garamur Satra* generously allowed to use by paying the electricity expenditures only. The Mahadeo Jalan Foundation of Dibrugarh has donated a corpus fund of Rs.25 Lacs to the University to institute Endowment Awards for the eligible students from the interest accrued.

It may be pertinent here to mention that the growth and development of the University has just found its track to move with the able leadership of the Hon'ble Vice-Chancellor. The processes for development, which were initiated by the former Vice-Chancellor are now taken for accomplishment by compromising or contrasting with many newer challenges. The infra-structure of the present campus (transit) is yet to be fully functional. Construction of the houses, provisions for external electrifications, etc. are yet to be completed and handed over to the University. The permanent campus of the University is under construction at the Manika Pathar, Garamur, Assam under the supervision of the *Loka Nirman* (PWD) Department of the Government of Assam. We sincerely hope that with generous support from the Government, the construction works will be completed within the stipulated time.

Report of the Registrar

As a new establishment and venture of the Government, the Majuli University of Culture has lots of limitations and challenges from all sides so far as the need of a modern University is concerned. But, keeping all the constraints aside, we are committed to flourish and bound to accelerate its relentless pace of progress.

Sincere thanks and gratitude to the Government of Assam and all concerned for your constant support to the Majuli University of Culture.

Dr. Binud Ch. Borah
